

## **Threat Intelligence Overlay (Multi-Sector)**

Defines Maturion's threat environment logic for adaptive sector awareness and scenario relevance.

### **Supported Sectors**

- Mining (diamond, gold, platinum)
- Transport & Logistics
- Construction
- Heavy Equipment Distribution
- Retail & Sensitive Goods

### **Threat Mapping Logic**

- Each sector linked to: common threats, actors, tactics, and control gaps
- Real-world events continuously embedded
- Maturion flags outdated threat references or missing scenarios

### **Behavior Triggers**

If AI detects industry-specific anomalies or risks, it adjusts advice, alerts the user, and updates audit context.
